

Plugin Stats Plugin

Plugin Information

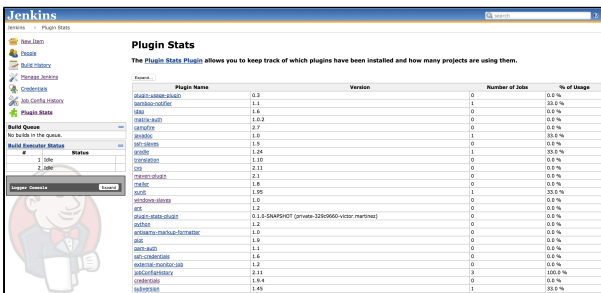

No information for the plugin 'plugin-stats-plugin' is available. It may have been removed from distribution.

This plugin allows you to keep track of which plugins have been installed and how many projects are using them.

Summary

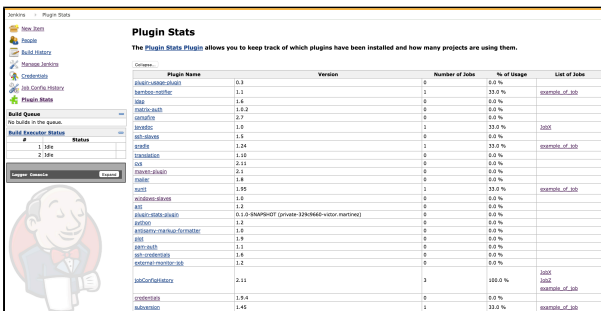

You can find it under `<jenkins_url>/plugin-stats` or reach it via links in the sidepanel of the main page

Screenshots

The screenshot shows the Jenkins Plugin Stats page. The title is "Plugin Stats" and the subtitle is "The Plugin Stats Plugin allows you to keep track of which plugins have been installed and how many projects are using them." Below the subtitle is a table with columns: Plugin Name, Version, Number of Jobs, and % of Usage. The table lists various plugins such as hudson-model-plugin, hudson-model-queue, hudson-model-slave, hudson-model-slave2, hudson-model-slave3, hudson-model-slave4, hudson-model-slave5, hudson-model-slave6, hudson-model-slave7, hudson-model-slave8, hudson-model-slave9, hudson-model-slave10, hudson-model-slave11, hudson-model-slave12, hudson-model-slave13, hudson-model-slave14, hudson-model-slave15, hudson-model-slave16, hudson-model-slave17, hudson-model-slave18, hudson-model-slave19, hudson-model-slave20, hudson-model-slave21, hudson-model-slave22, hudson-model-slave23, hudson-model-slave24, hudson-model-slave25, hudson-model-slave26, hudson-model-slave27, hudson-model-slave28, hudson-model-slave29, hudson-model-slave30, hudson-model-slave31, hudson-model-slave32, hudson-model-slave33, hudson-model-slave34, hudson-model-slave35, hudson-model-slave36, hudson-model-slave37, hudson-model-slave38, hudson-model-slave39, hudson-model-slave40, hudson-model-slave41, hudson-model-slave42, hudson-model-slave43, hudson-model-slave44, hudson-model-slave45, hudson-model-slave46, hudson-model-slave47, hudson-model-slave48, hudson-model-slave49, hudson-model-slave50, hudson-model-slave51, hudson-model-slave52, hudson-model-slave53, hudson-model-slave54, hudson-model-slave55, hudson-model-slave56, hudson-model-slave57, hudson-model-slave58, hudson-model-slave59, hudson-model-slave60, hudson-model-slave61, hudson-model-slave62, hudson-model-slave63, hudson-model-slave64, hudson-model-slave65, hudson-model-slave66, hudson-model-slave67, hudson-model-slave68, hudson-model-slave69, hudson-model-slave70, hudson-model-slave71, hudson-model-slave72, hudson-model-slave73, hudson-model-slave74, hudson-model-slave75, hudson-model-slave76, hudson-model-slave77, hudson-model-slave78, hudson-model-slave79, hudson-model-slave80, hudson-model-slave81, hudson-model-slave82, hudson-model-slave83, hudson-model-slave84, hudson-model-slave85, hudson-model-slave86, hudson-model-slave87, hudson-model-slave88, hudson-model-slave89, hudson-model-slave90, hudson-model-slave91, hudson-model-slave92, hudson-model-slave93, hudson-model-slave94, hudson-model-slave95, hudson-model-slave96, hudson-model-slave97, hudson-model-slave98, hudson-model-slave99, hudson-model-slave100.

You can also expand those Job List.

The screenshot shows the Jenkins Plugin Stats page with the Job List column expanded. The table has an additional column, "List of Jobs", which contains the names of the jobs using each plugin. For example, for the "hudson-model-slave" plugin, the job list is "hudson-model-slave".

Features

- List Installed plugins and how many Jobs are using them.
- Percentage of usage.
- List Jenkins jobs with those installed plugins.
- Support Multi-Branch Project Plugin|.../display/JENKINS/Multi-Branch+Project+Plugin|}
- Support Maven Project Plugin|.../display/JENKINS/Maven+Project+Plugin|}

Planned upcoming features

- Support Properties plugins.
- Disable plugins.
- Classify what kind of plugins are based on: Builders, Wrappers, Properties, Actions, Publishers, SCM and the above plugins.

Requirements

Jenkins

Jenkins version 1.554.1 or newer is required.

Version history

Version 0.1.0

- Initial release
