

Skip Notifications Trait Plugin

Plugin Information

View Skip Notifications Trait on [the plugin site](#) for more information.

This is an extension plugin which adds custom feature to Bitbucket Branch source plugin, allowing to disable build status notifications.

It was initially submitted as a PR for core plugin ([PR](#)), but owners suggested to package it as an extension.

Jenkins Pipeline Example

```
checkout resolveScm(  
  source: bitbucket(  
    repoOwner: 'example-owner',  
    repository: 'example-repository',  
    traits: [  
      skipNotifications(),  
      ...  
    ]  
  )  
)
```
