

Concordion Presenter Plugin

Plugin Information

View Concordion Presenter on the plugin site for more information.

This plugin publishes Concordion test reports for each build, and is based somewhat on the WebTest Presenter Plugin.

Usage

Configuration:

Publish Concordion test report ?

Concordion report location

Project page:

-  [Concordion Report](#)

Build #1 (07-Jul-2010 23:26:13)

 No changes.

 Started by user [anonymous](#)

TODO

- Option to create index page for test reports
- Junit-esque integration (pass/fail graph, failed tests link to specifications)

Version History

Version 0.7 (2011-08-13)

- Reworked archiving code and added some diagnostics
- Updated for Jenkins

Version 0.6 (2010-07-06)

- Initial release (after a few mix-ups with publishing releases and group ids)
