## Project configuration

Project name	<input type="text" value="Test Maven Job"/>
Description	<input type="text"/>

[Preview](#)

- Discard Old Builds
- Disable Automated Maven Repository Cleanup
- This build is parameterized

## History

### Version 1.1 (Not released yet)

### Version 1.2 (April 24, 2012)

- alternative strategy to cleanup the repo for all artifacts not used during the build (require last access time support on filesystem)
- fix NullPointerException saving empty configuration (JENKINS-12978)

### Version 1.0 (Aug 2,2011)

- First version
