

# Project Build Times

## Plugin Information

View Project Build Times [on the plugin site](#) for more information.

This plugin contributes a new view implementation that provides graphs to display cumulative and separate build times on the dashboard-view.

## Description

This plugin allows for graphs to be displayed on the Jenkins Dashboard view in both stacked and line versions.

## View layout

The dashboard view supports a layout with rows spanning the entire view with 2 columns.

Top portlet 1.....	.....
Left portlet 1	Right portlet 1
Left portlet 2	Right portlet 2
Bottom portlet 1...	.....
