- [Change Log](#)
  - [Version 1.3 \(2019-05-11\)](#)
  - [Version 1.2 \(2019-05-04\)](#)
  - [Version 1.1 \(2019-04-25\)](#)
  - [Version 1.0 \(2019-04-25\)](#)

## Description

This plugin is used to check if pom.xml contains SNAPSHOT.

## Usage

### Freestyle Job Usage

If check the checkbox, it will check if pom.xml contains SNAPSHOT. Then it will marked the build failed if matches.

 **Maven SNAPSHOT Check** X

check ?

### Pipeline Job Usage

```
step([$class: 'MavenSnapshotCheck', check: 'true'])
```

or

```
mavenSnapshotCheck check: 'true'
```

## Change Log

### Version 1.3 (2019-05-11)

- add a side panel for the build.

### Version 1.2 (2019-05-04)

- support pipeline script.

#### tips

This release rename MavenCheck class to MavenSnapshotCheck, which cause user maybe need to set up their freestyle job again if they are upgraded from version 1.0 or 1.1.

### **Version 1.1 (2019-04-25)**

- release with noting.

### **Version 1.0 (2019-04-25)**

- First release.
