

Distinguishable Gray Balls Plugin

Plugin Information

No information for the plugin 'distinguishable-gray-balls-plugin' is available. It may have been removed from distribution.

Adds different icons for Disabled and Aborted jobs because the default Jenkins icons don't differentiate between Not Built, Disabled and Aborted.

Forked from the [Green Balls plug-in](#)

This plug-in is compatible with **both** blue and green ball icons. If you want a more modern looking icons consider using the [Modern Status Plugin](#) instead.
