

Gallio Plugin

Plugin Information

View Gallio [on the plugin site](#) for more information.

This plugin makes it possible to publish [Gallio/MbUnit](#) test results.

Gallio/Mbunit reports are imported from each build into Jenkins so they are displayed with a trend graph and details about which tests that failed.

Change Log

Version 1.8

* Fix [JENKINS-11599](#) - The error message is not reported when running MsTest with Gallio

Version 1.7

* Upgrade to xUnit 1.90

Version 1.6

* Upgraded to xUnit 1.23
