

Strawboss Plugin

Plugin Information

View Strawboss [on the plugin site](#) for more information.

Strawboss supports the same features as Jenkins external job monitor with added support for sending email notifications and triggering other jobs.

To do list

- Remove build action from list view

Change Log

Version 1.3 (Jan 7, 2014)

- Fixed bug with settings not persisting. Likely broken in 1.463 when a Jenkins jelly tag was deprecated <config-publishers>

Version 1.0 (Nov 2, 2011)

- Initial Release
