

Internet Meme Plugin

Plugin Information

View InternetMeme [on the plugin site](#) for more information.

Displays a random "internet meme" with a build related message on each build page.

Inspired by the Chuck Norris plugin.

Download & Installation

You can download it directly from the Plugins Update Center.

Usage

1. Go to the job configuration page and check the "Activate Internet Meme" checkbox in the "Post Build Actions" dropdown
2. Post build run, a random meme image is displayed on the build page.

Screenshots

<p> Build #2 (Jan 6, 2014 11:07:48 AM)</p>  <p> No changes.</p> <p> Started by anonymous user</p>	<p> Build #1 (Jan 6, 2014 11:07:48 AM)</p>  <p> No changes.</p> <p> Started by anonymous user</p>
