

DRY Plugin

Plugin Information

View DRY [on the plugin site](#) for more information.

Older versions of this plugin may not be safe to use. Please review the following warnings before using an older version:

- [XML External Entity \(XXE\) processing vulnerability](#)
- [Persisted cross-site scripting vulnerability](#)

This plugin generates the trend report for duplicate code checkers like [CPD](#) or [Simian](#).

This plugin reached end-of-life. All functionality has been integrated into the [Warnings Next Generation Plugin](#).
