Embeddable Build Status Plugin

| Plugin Information |
| --- |
| View Embeddable Build Status on the plugin site for more information. |

ⓘ Older versions of this plugin may not be safe to use. Please review the following warnings before using an older version:

- Reflected XSS vulnerability

This plugin allows Jenkins to expose the current status of your build as an image icon badge via a fixed URL. You can put this URL into other sites (such as GitHub README) so that people can see the current state of the job (last build) or for a specific build.

Basic Usage

Once this plugin is installed, you'll see **Embeddable Build Status Icon** as one of items in the left menu navigation for a job or build of a job respectively.

When you click this icon, you get several links to an icon that shows the current Build Status for your job or the status of a specific build respectively. You can paste any of these URLs in other sites so people can see the current state of your build.

Changelog

2.0.1 (Apr 09, 2019)

🔲 **JENKINS-56625** - Too many open file descriptors from embedded build status usage `RESOLVED`

2.0 (Mar 04, 2019)

Final release (not further changes)

2.0-beta2 (Feb 07, 2019)

NOTE: The final v2.0 release is scheduled for Feb 14. If you have any issues with this beta please got to GitHub and report them.

- Added license (MIT)
- Variable renaming (see #37)
- ⬆️ **JENKINS-18408** - Add the ability to change the icons used `CLOSED`

2.0-beta1 (Jan 03, 2019)

- Fixed link encoding
    - 🔲 **JENKINS-48874** - Markdown build badge does not show for a job with spaces in it `CLOSED`
    - 🔲 **JENKINS-42452** - build badge icon unprotected URL escaping incorrectly `CLOSED`
    - 🔲 **JENKINS-33953** - embeddable-build-status images are returned as 404 non-jenkins admins `CLOSED`
- Fixed handling for unprovided job argument for unprotected URL
    - 🔲 **JENKINS-42656** - Throws nullpointer exception when not providing a job query string `CLOSED`
- Fixed animation state for running builds
    - ⬆️ **JENKINS-21951** - Support running status with correct background in the embeddable-build-status plugin. `CLOSED`
- Allow to select builds via Selectors (see README)
    - ⬆️ **JENKINS-50368** - Allow status of last finished build `CLOSED`
    - ⬆️ **JENKINS-31414** - Status icon for pending builds `CLOSED`
    - ⬆️ **JENKINS-30098** - add latest "master" build status link (as contrasted to latest "pull request" build) `CLOSED`
    - ⬆️ **JENKINS-25008** - Add branch specific badges `CLOSED`
- Allow usage of customizable unprotected URL without job or build reference
    - ⬆️ **JENKINS-36798** - Status icon for specific build in queue `CLOSED`
- Allow to configure badges via pipeline scripts (see README)
    - ➕ **JENKINS-31825** - indicate number of failed and successful tests `CLOSED`
- Allow to customize label (subject), status and color
    - ➕ **JENKINS-25384** - Custom label for builds `CLOSED`
    - ⬆️ **JENKINS-24089** - Please add embeddable images for last build date `CLOSED`

1.9 (Feb 06, 2016)

- Compatibility with pipeline builds (JENKINS-28642)

1.8 (Aug 31, 2015)

- Badges for aborted builds (JENKINS-19319)
- Fix ETag header quoting to respect RFC 7232
- Some minor "plastic" style image fixes

1.7 (Mar 24, 2015)

- New badge style: flat, with option to choose the old ("plastic") style (JENKINS-26705)
- Option to omit view name from the URL (JENKINS-26585)

1.6 (Nov 29, 2014)

- Support for build status badge for a specific build of a job (JENKINS-25306)

1.5 (Aug 25, 2014)

- Added Cache-Control headers (JENKINS-17028)
- New badge style based on shields.io (JENKINS-23062)
- SVG badges for better high-DPI screen support (JENKINS-21112)

1.4 (May 31, 2013)

- ability to expose badges even when Jenkins has no anonymous read access (JENKINS-17798)

1.3 (Mar 05, 2013)

- missing icon

1.2 (Mar 1st, 2013)

- Added "unknown" image and use it for disabled and unbuilt jobs (JENKINS-15510)
- Avoid using 302 redirects given that some browsers cache them (JENKINS-17028)

1.0 (2012/05/09)

- Initial version
