"Watch the bikes!" - Extreme Feedback with Traffic Lights

"Watch the bikes!" Extreme Feedback with Traffic Lights

We have a lot of fun with our team at Ericsson Backnang (Germany) using these nice Traffic Lights as feedback device for our hudson builds.

See the movie
"Watch the bikes!" on YouTube

Get the code
There is a kenai project with the code we use: hudson efd control

Thanks
Special thanks to Simon Wiest for the inspiration.
Also many thanks to Maurice Link for his mechanical and electrical knowledge.
And finally to my team at Ericsson Backnang for the support of this project.

Hartmut Lang
